

Clean & Maintained Carparks: Enhancing Your Residents' Experience.

A clean and well-maintained car park is more than just aesthetics – it reflects the care and attention given to the entire property. The first impression of the property including the carpark sets the tone for patrons, visitors and residents, showcasing a commitment to safety, cleanliness, and professionalism.

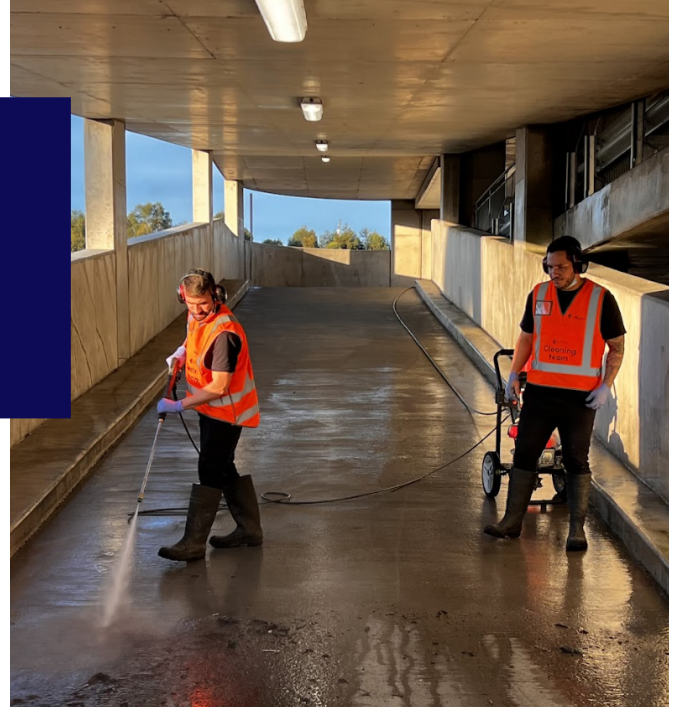

At Olinga Services, we understand the crucial role carpark presentation plays, and are dedicated to providing our clients with quality cleaning and maintenance solutions.

Olinga Services' comprehensive carpark cleaning, available for a one-time deep clean or ongoing maintenance, include:

- Sweeping and debris removal
- Scrubbing and pressure washing of floor surfaces
- Removal of biohazard and organic materials
- Graffiti, surface stain, and oil spot removal
- Cleaning of surfaces, including posts, barriers, signs, and lights
- Rubbish removal and waste management

Our staff are trained to effectively remove dirt, stains, and grime build up from all surface types including cement, brick, and tiles. Our powerful equipment, including hot water and various ride-on scrubbers, is suitable for all carparks and surfaces.

Our Clients:

Why Choose Olinga Services?

Expertise:

With over 10 years of experience, we specialise in delivering quality carpark cleaning solutions to a wide range of clients, including commercial and residential strata, public carparks and transport facilities.

Professionalism and Experience:

At Olinga Services, we take pride in our work and deliver exceptional results for our clients every time. Our staff have the knowledge and the expertise to deliver an outstanding outcome every time.

Environmentally Friendly:

We are dedicated to sustainable practices. Our cleaning products and techniques are eco-friendly, minimising our environmental impact and we utilise water-saving practices.

Asset Protection:

As an added benefit, we offer exclusive access to our water-based Surface Protection Coatings which provide you added stain and surface protection without any fumes or downtime. It is a great way to extend the lifespan of your assets and its aesthetic appeal.
